803 Hardinan Brgy. Lamot 2 Calauan Laguna, Philippines 4012 | bachicha.paolo@gmail.com | 09568142192

PROFILE

Junior Application Developer specializing in cross-platform mobile and web apps built with Flutter, Dart, PHP, and Laravel. Experienced in engineering custom enterprise solutions like KwikPOS using Clean Architecture, BLoC state management, and RESTful API integrations. Holds a BS in Information Technology.

PROFESSIONAL EXPERIENCE

Application Developer, OneClickTech

Oct 2024 - Present

- Built features within a cross-platform Flutter codebase structured around Clean Architecture and the BLoC pattern, maintaining clean separation between business logic and UI layers.
- Implemented automated Mall IT Hookup integration modules to synchronize transaction and sales data seamlessly with external mall management platforms.
- Coded real-time inventory tracking, daily transaction logging, and customizable reporting components for retail point-of-sale systems.
- Connected application UI to Supabase databases and RESTful APIs for user authentication, live data fetching, and automated cloud sync.
- Designed and refined minimalist user interfaces for self-ordering kiosks and handheld POS devices to ensure intuitive navigation and fast operational flow.

Developer Intern, Gleent Incorporated

Dec 2023 - Apr 2024

- Worked as a Developer Intern, enhancing system functionalities, optimizing components, and improving data validation.
- Managed and coordinated tasks for co-workers and fellow interns, ensuring efficient project workflow.
- Took detailed meeting notes, tracking assigned tasks and key information to support team productivity.
- Developed skills in task management, communication, and reporting to maintain seamless operations.

Freelance Developer

Aug 2023 - Oct 2025

- Specialized in creating user-friendly, responsive websites with proficiency in HTML, CSS, Bootstrap 5, JavaScript, PHP, Laravel, and MySQL.
- Collaborated with clients to deliver personalized solutions, ensuring alignment with their needs and objectives.
- Strengthened communication and project management skills by coordinating tasks and maintaining deadlines.
- Focused on enhancing client satisfaction through attention to detail, problem-solving, and delivering quality outcomes.

Computer Subject Tutor, Course Hero

Dec 2023 - Jul 2024

- Provided personalized support by simplifying complex concepts and adapting to various learning styles.
- Improved communication skills through clear, concise explanations designed to individual needs.
- Delivered client-focused solutions, enhancing overall satisfaction and learning outcomes.

EDUCATION

Laguna State Polytechnic University, San Pablo City, Laguna

Bachelor of Science in Information Technology, Oct 2020 - Aug 2024

TECHNICAL SKILLS

- Languages & Web:** Dart, PHP, HTML5/CSS3
- Frameworks & Libraries:** Flutter, Laravel
- APIs & Tools:** RESTful APIs, Git, GitHub, Postman

TRAININGS & CERTIFICATIONS

DICT Web Development Training

Jul 2023 - Aug 2023

DICT Incident Response (IR) Training

Aug 2023
